

RANA MUHAMMAD SAMI

FULL STACK DEVELOPER

Lahore, Pakistan | +92 321 5594873 | ranasami0909@gmail.com

[LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Passionate MERN Stack Developer with hands-on experience building efficient, scalable, and high-quality web applications using MongoDB, Express.js, React.js, and Node.js. Skilled at translating modern UI/UX designs into clean, responsive, and maintainable code, with practical exposure to AI-powered features, real-time systems, and authentication workflows. Strong communicator and collaborator with a track record of delivering under deadlines, gained through professional creative work. Actively expanding backend architecture and API security knowledge, and eager to contribute to real-world projects as a full-stack developer.

WORK EXPERIENCE

Full Stack Intern — Happy Co

Lahore, Punjab, Pakistan

June 2026 – Aug 2026

- Built responsive, reusable React interfaces for production features.
- Collaborated with a cross-functional team using agile workflows and version control.
- Optimized application performance and improved component load times.

Video Editor — The Wedding Poets

Lahore, Punjab, Pakistan

Aug 2022 – Present

- Edited cinematic wedding videos using Adobe Premiere Pro and After Effects.
- Managed tight deadlines and followed detailed client instructions to deliver high-quality results.
- Collaborated with a creative team to maintain consistent visual style and storytelling quality.
- Built strong time management, creativity, and attention-to-detail skills, directly transferable to technical project workflows.

PROJECTS

Brandy Platform (MERN) — AI-powered brand–influencer collaboration platform with campaign management, real-time chat (Socket.IO), profile completion gating, and a 3-layer AI matching pipeline for influencer discovery.

AI- Customer Support Agent – SaaS Platform (Ongoing) — A customizable AI support agent that businesses can configure for their own website, tailored to each client's specific requirements.

Research Dashboard — Personal finance dashboard delivering AI-driven financial insights.

MERN CRUD App — Full-stack CRUD application with JWT authentication and MongoDB.

Chat App UI — Real-time chat interface with authentication and live messaging.

Todo App — Task management application with authentication, real-time updates, and persistent storage.

COURSES

- Advanced Web Development — NAVTTC (2025)
- Full Stack Development — Hunarmand Punjab (2026)
- JavaScript Essentials for Beginners, AI For Everyone (2025)
